

# Windows 10 ESU Procurement Decision Worksheet

*Fill in per device group. One worksheet per group if fleets differ materially.*

Device group / count

Current ESU status

ESU cost (per device, this group)

Migration funding — funded? scheduled?

Workload criticality

Hardware refresh timing

Required exit date

Decision

☐

PAY

☐

MIGRATE

☐

REPLACE

*Required condition: Pay = dated exit · Migrate = funded plan · Replace = decommission decision*

Decision owner

Next review date

***If you cannot name the date ESU ends, you haven't bought a bridge. You've bought delay.***
